Hi, Hey. First time, long time. Hesitant to share my story at first but thought it might be an inspiration to some others. Five years ago, I was legitimately a guy who just fantasized about being a cuckold but had no hopes of actually becoming one. And today, I'm a very happy cuckold with an incredible hotwife girlfriend. I wanted to tell the story about how my girlfriend transformed over time and made my cuckold dream come true. So my girlfriend's name is Anna. We first met in college but only started dating a couple years after we both graduated. Anna was definitely a bit shy and insecure. She did theatre in school and could break out of her shell when performing in a play. Otherwise in normal life though, she was quite reserved. I always had a bit of a crush on her and was surprised when she accepted my offer for a date. Fast forward a few months, we were a couple and Anna had moved into my apartment. We had a great, loving relationship. The sex life though, if I have to be honest, was a bit of a mixed bag. And the problems were entirely on my side. Whenever we had sex, I'd either cum almost immediately in less than a minute or I'd never be able to cum even after 30+ minutes. ... READ THE REST HERE SHARI AND MARK'S PROFILE Hi, This is about myself and my younger girlfriend Laura. I was divorced after 18 years of marriage and two great kids and was just looking to have fun and regroup. I meet her on a personals site on the internet. Sending pictures or vids was the quickest and easiest way to communicate. I visited that personals site often for entertainment more than anything, it turns out Laura was the only person I ever met from an internet site. The ads were the typical crazy shit; I would wonder for hours what the fuck were these people thinking? They ranged from can I come over and trim your private hairs to how do you feel about a good spanking? One night an ad caught my attention and I responded. The message read something to the effect of, "Wanted, mature, educated, fun guy to talk to, tired of stupid boys with nothing to say and even less of an understanding of my thoughts, feelings and desires." ... I put a post online for a sexy personal assistant/housekeeper with benefits to work at my home office. I needed help with admin duties w/ my business, and I am always horny and want to fuck. In short, the post read that I needed help with admin duties w/ my business, and I am always horny and want to fuck. lingerie....or less while working, and take care of my "personal needs" whenever I need her to as well. The lady I ended up hiring (after interviewing....and fucking 5 applicants) is a 24 year woman who is married and has a kid. Other than being an expert cocksucker, she is suprisingly well qualified. Her husband is fully aware of the job and all that it includes. She told me this and I asked her what he thought of it. She told me that he was fired from his job b/c he was caught jacking off at his desk while looking at porn on the computer. That was 6 months ago and he hasn't found a new job yet. ... READ THE REST HERE MEET MILFS Hi, Recently I just figured out the pass to my girlfriend's old email ... wow. I know I shouldn't be doing it, snooping, but I still try finding out little things about her just for fun that I feel she won't tell me. This story you are about to read was sent by her to herself. Presumably to re-read when time had passed. I found it in her email box. She never sent this story to me although I did know this happened. This is 100% true and copied and pasted from her email. She told me she squirted a little bit, not all over the place uncontrollably. I knew she could squirt but this sounds like she squirted even more with him than she did with me. 2. That it was the best sex she's ever had. She did say it was great though but not best ever. 3. That they barebacked! I really suspected this but she wouldn't admit to it. She said he brought a condom but I didn't find any evidence of this in the garbage so I kind of knew. She lied though. It's really hot for me to read this, I hope you like it: ... She wasn't interested when I tried to discuss it so I tried to discuss it discuss to discuss it discuss to away had her perform beyond my wildest dreams. We took our holidays in a little village in Spain but we really missed the beach. So one particular day we drove to a resort. It was beautiful and we had a really nice day, excellent lunch and nice time on the beach. My wife Jay asked if we could stay there for dinner. That meant I'd have to drive so couldn't drink, but I didn't mind as it was my turn to drive. Jay had no change of clothes other than a clean pair of knickers so she changed in the loos of a restaurant, putting her swimsuit in a bag which I took back to the car, which was parked miles away. So Jay only had her red dress which ... READ THE REST HERE REAL CUCKS Hi, Hi, here's a real life story from my point of view (the bull,) I have many more if you'd like them. I glanced over at the mirrored wardrobe doors next to the bed. She was stretched out in front of her accentuating the slender lines of her body, her cheek flat against the mattress as she looked at him on the other side of the room, keeping hold of his gaze. I thought back to the first few messages I had gotten from them. He said he was typing but they were a little nervous, but eager to explore a long-time fantasy of bringing another man into the bedroom. They didn't share much at first, just the idea of him watching as I touched his wife, but over time they opened up, and the depths of the depravity they were seeking slowly seeped out. The first time we'd met I'd suggested that we take it slow, as I know that although the idea of another man taking your wife in front of you might sound great in theory, it could be jarring in reality. We'd shared cocktails and the three of us had gotten along great, we'd had common interests and a similar sense of humour, and I imagined I'd be friends with them with or without games. I'd changed seats halfway through the evening to sit next to her, and on occasion taken the liberty of kissing her deeply while he watched, gently gripping her throat as I did so. ... READ THE REST HERE REAL CUCKS Hi, I am a self proclaimed loser white boy that has recently learned my place and I will never subject another girl to my pathetic come-ons again. Three main people in this "story". 1) Me = whiteboy 2) A real man that easily picked up the girl of my dreams right in front of me = Hector 3) A beautiful latina that used me for my money but I can't hardly blame her= Jessica Anyway, this all happened this weekend. as I mentioned before, I am a total loser and can never get with girls. This has been extremely frustrating but I had always accepted it as reality until recently. I decided that I had no luck not because I don't try hard enough. So I spent the last few months at work trying to get with this one beautiful girl. I was always chatting with her, trying to show that I cared for her. Sometimes I even did some of her work for her. she was friendly enough with me, but probably just enjoyed the company during long work days and was flattered that she could make a guy so obsessed with her, but was definitely not interested in dating me. ... READ THE REST HERE REAL CUCKS Hi, To save typing time, I'm just going to go ahead and tell both sides at once. My wife and I met on the first deployment to Iraq. She was married at the time, and what they say is true. Once a cheater, always a cheater, always a cheater though. We met, fell in love, and fucked in all kinds of strange places. The back of a trailer, the floorboard of a truck, etc... Life was good. I was in love. Then, one day we both get sent to seperate areas in Iraq. We work in commo though, so we talk every day. We are both on nightshift so we start having phone sex. She tells me that our coworker had morning wood sticking out of his shorts one morning, in the tent, when she wakes him up. She doesn't tell me (until years later when we become a cuck couple, like I said, I'm telling both sides at once) that she woke him up by sucking the shit out of her. ... READ THE REST HERE SHARI AND MARK'S PROFILE Hi, I had a girlfriend a few years back (see attached images) that was into playing games. I had the fantasy of being cucked and we even went so far as to buy a chastity device, at the time a CB-2000. Many times I would wear it. She would have the key and be in total control of my orgasm. It was not comfortable enough to wear for any extended period of time, but I would wear it for a day or so. Even sleep with it on. She was very good at teasing me. She could make me drip incessantly. On the occasions that I was forced to wear it out in public I knew to wear it out in public I knew to mean so the wet spot would be less noticeable. She would frustrate me beyond belief. I would lick her to as many orgasms as she wanted. Sometimes not. The idea that she had complete control over my orgasm was intoxicating to me. Over time we both learned that I became very compliant while wearing the device. I became very eager to please her in any way she demanded. ... READ THE REST HERE REAL CUCKS Hi, I'm on the computer surfing when my wife calls me into the bed room. She produces a cock cage that she had purchased for me last week and says "pull down your pants". I lower my shorts and she proceeds to thread my ball sack through the security ring. After working both of my nuts through the tight hole she then bends my cock over and pulls the head through sliding the ring tightly around my base. The cage was then slid up the length of my cock where she pad locked it in place. "There" she says, "now you are under control. I need you that way because I have someone coming over". A few minutes later she comes into bedroom with a chair and says "I need you to sit here, my date is about to arrive and I don't want you bothering us". I hear him come in house and I hear them talking as they walk into the bed room where I am sitting wearing nothing but a cock cage. She introduces us, him as this is her date, and me as her caged husband. She tells me to sit and watch as she wraps her arms around him and they proceeded to make out, his hands quickly finding their way to her tight ass. REAL CUCKS Hi, My wife and I are not really in the 'lifestyle'; I think she would be appalled to think of herself that way. But, I can generally cajole her into doing something pretty out-there once every couple of years. I managed to succeed during our early summer vacation this year. We were spending a couple of days without the kids at the Marriott in Kona (big island of Hawaii). She got noticeably drunk on fruity girl drinks down by the pool during the afternoon, and when we got back to the room to shower up for dinner, I went down on her. After a few minutes, when she was good and hotted up, I asked her if she noticed the young men checking her out. They weren't (as far as I know), but everyone likes flattery, especially horny women. She did the 'awe shucks, not little old me' routine, but then asked me what I would think if she went to bed with one of them. This is what a lawyer would call a leading question, because I've been very clear with her for years that I get off on fantasizing about her having sex with other men. She isn't a committed cuckoldress or anything like that, but she finds the idea exciting in an abstract sort of way. I often screw these situations up by saying she would if someone were right here, right now. I told her I would I love it, and she responded by saying she would if someone were right here, right now. READ THE REST HERE MEET MILFS Hi, I absolutely love the idea of letting other men fuck my wife. I love it when she initiates it, and also when she is seduced into it. I think I enjoy the seducion scenes more because I get to see my lovely wife give in to another guy and spread her legs for him. As we have progressed since starting this, she has gotten bolder and wilder - she has gone from embarrassed making out with a guy and his friends) and spending the night in his room fucking while his room she can't keep my mouth off of. Last night she sucked off a friend of ours while his wife and I slept - I saw it coming, saw him making his moves and her not refusing, and went on to bed. The two of them went out to the bar again and came back about three, where she spent the couple of hours just before daylight being convinced to suck him off on our couch. "He made me do it," she said, always talking about how she likes to be made to do things, to be dirty. We've tried to find guys that would dominate her in the bedroom, but nobody really just takes charge of her - she asks men to spank her, she has the most perfect ass waiting to be reddened by a firm hand. READ THE REST HERE REAL CUCKS Hi, My wife is a nurse at a large metropolitan hospital. She said she was working in the emergency department one night when this guy came in. Then, it happened pretty fast. To backtrack here is how it started. My wife called me at work and told me to come home early because she had a surprise for me. When I got to bedroom my wife was dressed in a sexy outfit and said she wanted to experiment. She told me to get undressed and got some rope out of the closet. She had me get on my knees and she bound my hands and feet together behind my back. She asked me if I wanted to eat her pussy again (she was role playing as we often do). I tried to get untied, but I coundn't. She came back over to me and said I wasn't worth her time. And she rubbed her panties and stuffed them in my mouth and put duct tape around my face to hold them in. She told me she knew about the bitch I was banging behind her back and how two could play that game. Up until then this was all normal but what happened next wasn't. ... READ THE REST HERE SHARI AND MARK'S PROFILE Hi, Like many on this site, I believe one experience started me on this road. I was in my early twenties (over 5 years ago now). My now wife and our best man and his wife were on holiday together, we had decided to share a motel to keep costs down, it was a nice place and had two seperate bedrooms and good facilities so it was working out great - on this Saturday we booked the spa pool for later in the evening (it was a large spa pool in a separate building in the corner of the out door pool area). We went out for dinner and drinks before returning in time for our booking. We got changed and and went to the spa in our gowns with towels and a couple of bottles of cheap wine in hand. We all had bottoms on but the girls did not bother with any tops. We were enjoying the bubbles and humour as the drinks flowed - I had to go to the toilet, which was across the other side of the pool yard, when I returned Eric was in front of my wife, Jenny, fondling her tits and kissing her nipples. ... READ THE REST HERE REAL CUCKS Hi, This story is 100% true. It happened on Nov 13 1999 at a nightclub in Chicago called Excalibur. My wife Lisa and her friends were headed to Chicago for their annual girly weekend. We had been married 10 years and I was always trying to get her to have sex with other men. We would fantasize about it during sex but I could never get her to do it for real. Before she left I took the pajamas she had packed out of her suitcase and replaced them with sexy lingerie. I knew she would get the hint once she arrived in Chicago What I didn't count on was that she would have to prepare for bed and discovered she would have to wear lingerie to bed in a hotel room she was sharing with her friend Kelly. She told Kelly about my obsession and borrowed one of her extra t-shirts. The next day the girls shopped all day and then went to the Excalibur to party after dinner. It was a wild place for these small town girls. They got really into party mode and danced with some college guys from MN that were in Chicago for the Bears Viking game. A guy by the name of Matt was paying a lot of attention to Lisa. She was eating it up since he was good looking and 12 years younger than her. Soon they were dirty dancing and Matt had his hands all over her. ... READ THE REST HERE REAL CUCKS Hi, My husband loves all things cuckold and wants me to live the lifestyle to the fullest but up until last weekend I have been too hesitant, not knowing what kind of changes are in store for us. I am 28, a very horny girl and I was very lucky to have the most amazing fucking last weekend. It was my birthday and we spent the night at the hotel my hubby booked for us, along with getting dressed up and going out for the night with my man and his friend. I didn't realize what attention that would bring ... the men were loving my tight black dress and heels. I felt sooo sexy, I was in the middle of the party, dancing and I could feel both of them looking at me, totally undressing me as I danced. I suppose I was totally playing up to it and asking for what I was about to get. We left for the hotel, my hubby Neil stopped off to get some booze while we carried onto the room. I went to the bathroom when my man's friend John who I have a bit of a crush on followed me. As I was walking into the bathroom he grabbed my arm and told me that 'I looked like I needed a good hard fucking tonight', I just turned to him and said 'yes, your right, I do' I was so horny but I didn't expect him to act on it, he pulled me towards him, he was being so rough, he basically threw me against the wall. ... READ THE REST HERE REAL CUCKS Hi, I started dating my girlfriend Nicole when we were both 25. She is incredibly sexy and looks a bit like the porn star Riley Reid but with bigger boobs. After a few months of dating, Nicole revealed to me that she had worked as a stripper off and on for a couple years after graduating from college. She wasn't ashamed about it at all but decided to stop so she could focus on a normal day to day job. I didn't have any concerns and I was intrigued by the thought of her stripping more than anything. I would jerk off while imagining her seductively removing her clothes on a stage and spinning around on a pole in front of a bunch of random men. Half a year later, Nicole moved in with me. Our relationship was great and the sex was incredible. I felt so lucky to be with her. Unfortunately, Nicole asked me if it would be ok for her to start stripping again, at least temporarily I said yes and only asked to be able to see her do it occasionally. Nicole agreed and got her job back at the same strip club she used to work at just a week later. Nicole didn't want me to watch her on her first night stripping again. She said she might be a bit rusty. A week later though after four nights of practice, she finally agreed to let me watch her. It was a Friday ... READ THE REST HERE REAL CUCKS Hi, Great blog. Awesome for us cuckolds to have a place like this. My wife and I have a couple of adventure 1 - I love it when my slut wife goes out with her friends to look for young cock. I especially encourage her to look for young cock. She comes back and tells me all about it and we fuck like crazy. She has an insatiable appetite for cum and can drink all that is given. I encourage her to suck as many as she can in one night. One night after telling her long distance to get her assout and find some cock because I was out of town she called me the next day and told me she ended up with 3 guys at an apartment of a friends. She was wearing a sexy mini skirt and looking like a hot ass slut wife. Well at the club where they were there were a couple of guys that were checking her out. She was drinking shots and was up for anything. She invited them back to her friends where the 2 guys kept commenting her out. she was going to thank them for their compliments. She took them in the bedroom while the other partiers were outside and got down to business. She said they started out by sucking her pussy while one of them fed her his cock. She said they started out by sucking her pussy while one of them fed her his cock. MEET MILFS Hi, About ten years ago, I had my first cuckold experience. I had just graduated college and was working part time at a boutique 'feminist' adult store. I was the only male employee and spent most of the day doing inventory and stocking shelves. Jenny was a few years older than me and worked at the cash register. The store was small and didn't get a lot of foot traffic so Jenny and I spent a lot of time alone there together. It was strange trying to flirt with Jenny amidst walls of dildos and lingerie but she was friendly with me. She liked to tease me whenever I was awkward with her. She'd see me blushing while putting thongs on a rack and jokingly ask me if I had ever even seen a thong before. I eventually worked up the courage to ask her out. I was so scared and had already mentally prepared to guit if she said no. To my surprise though, she said no. To my surprise though, she said no. To my surprise though at an adult store, she had lots of kinky outfits and toys in her personal collection. The first time we had sex, she dressed up like a slutty school girl and roleplayed that she was in detention and needed punishment. I nearly blew my load in my pants when she asked me to spank her while bending over my lap. Needless to say, the sex was amazing and Jenny was 99% responsible for that. I was always on the verge of cumming after just minutes with her. I started to pull out and go down on her just to avoid prematurely cumming. Jenny loved my tongue and would orgasm several times before jumping back on my cock and making me erupt. ... READ THE REAL CUCKS Hi, Hi. I'm actually the hotwife, not the cuckold. Submitting this story because I know my husband visits this site often and will get a thrill from seeing it here. A year after we got married, my husband and I were pulled into the swinging scene by some friends. We had a great time and attended dozens of debaucherous parties over a few years. Over time, my husband became a less active participant with others at the parties and instead focused on watching me play with others. He eventually told me that he wanted to become a cuckold and showed me some websites that explained what that was. I thought the concept was pretty hot and my husband basically gave me a permanent hall pass to hook up with anyone, anywhere, whenever I wanted. My first true hotwife experience was with a guy I met online. He came over to our house and fucked me on our bed while my husband watched. The guy had a huge cock and was very rough with me but in a good way. At the end, he came in the condom and then quickly ... READ THE REST HERE REAL CUCKS Hi, I have a strange story. Not sure if it's exactly cuckolding but let me know what you think. I'm a white guy in my mid twenties, very skinny, and a bit nerdy. Just before covid hit, I moved into a crappy apartment complex and it is owned and operated by this lady named Steph. She is in her early 40s I think and weighs maybe 200lbs. She doesn't look fat but she definitely has a curvy milf type look. After meeting her and getting a tour of the apartment, my initial takeaway was that she was a complete bitch. I didn't expect to interact with her much besides paying my rent each month. A few weeks later, I saw Steph struggling to carry some boxes to her apartment. I offered to help and she accepted. She gave me the heaviest box and led me to her apartment that was at the far end of the complex. When we got to her door, she opened it and asked me to put the box down on her coffee table. ... READ THE REST HERE REAL CUCKS Hi, I met my wife 10 years ago. She was and still is the hottest woman I have ever seen. I am 10 years older and a lot more sexually experienced. She has only been with six other men and one woman. She was with her best friend while in college. She is now 34, a teacher, and a Mom. She dresses down so as not to draw attention to her overall looks. When we first met, it was all about the sex. Hot, kinky, adventurous, and nasty. As we grew to trust each other our darkest fantasies were revealed. We both really came to enjoy the idea of a very big man with a huge cock taking her. I would be there, watching and videoing the fun. This fantasy drove us wild for months on end, with it getting kinkier and kinkier. I would jack off like crazy the next day while recalling the sex acts that she wanted to try with another man. There were several, unplanned attempts to get something going. Each time it was out in a club and Kailee was feeling good. They only resulted in her making out in public with these men. One of the times she did approach a group of three men and ended up dancing and kissing all three. After each of these incidents, Kailee and I fucked like crazy. Then after a couple of years she stopped enjoying the fantasies as much and then came to say that she had no interest in it at all. This caused our sex life to grind to a halt for a full year. ... We had been going for about 3 months when her cuckolding took her. As we were only boyfriend and girlfriend, could that be classed as cuckolding?? Anyway we went to a friend's private party and his cousin was over on holiday. He was tall and built like a brick shithouse, but very quiet and gentle, but obviously a ladies man! She talked and danced with him most of the night and when I looked at her, she sort of sneered and turned away. I tried to look as though it wasn't bothering me too much and drank and chatted with others, but they all knew I was gonna get cheated on and I could see some snickering going on. I was talking to the Bride and saw my wife, the groom and 5 other guys in the hot tub. I gave them awhile then went over to the tub. couldn't see her hands, but could tell by her are arms that she had a cock in each hand under the water. The champagne continued to flow. She had taken her wedding ring in for cleaning, so she wasn't wearing one (this always turns me on). We had been dancing and drinking, but around midnight everyone decided to call it quits. My wife had been getting in the car, I realized I had better go back into the batroom before the trek home. She went back in with me. READ THE REST HERE REAL CUCKS Hi, My wife (25 yo) and I (26 yo) have been married for a few years, and a couple of months ago she told me a story about how her and her best friend in her last year of high school at age 18 gave her boyfriend at the time a blowjob one night on the football field. I told her that it turned me on thinking of it, and she said that it was fun to do something so crazy, because she is normally so conservative. A few days later I worked up the courage to ask here if she wanted to her that I meant do it with the same guy. She didn't know what to say, and then she asked if I was ok with that. Of course I said it was fine, but I wanted to watch. Fast forward a couple of weeks. My wife had contacted her old boyfriend and asked if he would do her favor, and then explained in detail what the favor would be. He agreed and was over at our house a few days later, but my wife's friend wouldn't do it because she is engaged. So my wife looked at me and said "I guess I'm going to have to do the work of two mouths by myself" Needless to say I about came in my pants. Her ex came over and my wife wasted no time, she ripped his pants off before he could even get the door shut behind him. I told him not to worry, and to enjoy himself. My wife seemed different. She was like a caged anima ... READ THE REST HERE REAL CUCKS Hi, I'm Bryce and my wife is Tracy. We're both in our late 20's now and have a story to tell. I've always wondered about when other cuckold's moments of revelation were. I mean when did you really know? Mine came when I was in college, 20 years old and I was living with Tracy who was my then girlfriend in an apartment we rented together. She decided to go to summer to work. We agreed that I would visit every weekend. Around the 4th of July, I was there and after some great sex, she got up to do some homework. As I lay there in our bed, I noticed something shiny and gold in the wastebasket. Looking more closely, I noticed it was a condom wrapper. Tracy had gone off birth control pills that summer and we were using condoms, but that wasn't the package for the kind we used. I knew right then and there that another man had been in our bed riding Tracy. Part of me was mad, I admit, but part of me was fascinated and excited. I was ashamed of those latter feelings and was in turmoil that I could even think that way. I was being defeated by another man, probably one that was laughing at me while he humped my woman. I didn't say anything to Tracy, but I did pull that condom package out of the wastebasket. When I left Sunday night, I took it with me and masturbated looking at it the rest of the week. It was right there, physical proof of my woman's infidelity and I was accepting it and excited about it. ... READ THE REST HERE REAL CUCKS Hi, Before I get into the details of how my wife slept with a younger man, I must explain the scenario. I am 37 years old, and my wife is 36. I have taken a young man under my wing, and I am teaching him the ropes on life. He is 20 years old, and his name is Vincent. Vincent is 6'1, and 190lbs with brown hair and green eyes. Ever since Vincent started hanging around at my house, my wife has been talking to me, telling me how hot he is, and how he'll make some woman happy. Seeing her attraction for him, I decided I'll have some fun in bed, and arouse her fantasies. I begin to tease her while making love, that I want her to fuck him, because he is young and probably needs a good fuck from a mature woman. This become a requested reoccurring sex scenario while having sex. My wife I always believed was too conservative to actually do such a thing, although the thought aroused me. A few months back at a party we where all at, I could have sworn I saw them kissing, but they claimed that they were just talking at a close distance, due to the loud music. I thought nothing of it and went on. But my suspicions were confirmed last week when I was introduced to a scene of great sex which I thought I'd never see. ... READ THE REST HERE REAL CUCKS Hi, My girlfriend Jess and I are in our late twenties. We've been dating for four years and living together for two years and li her to have relations with other men. She wasn't scared by the idea but she also wasn't overly enthused by it either. Though very sexy and kinky, Jess is wary of meeting strangers at bars or online and abhors anything resembling a one night stand. comfortable with. But at the same time, she wanted to keep things discreet and didn't know who she could pick (friends, coworkers, etc) without everyone else finding out. We agreed to keep an eye out for opportunities but it felt for a long time like it was a dead end. One other particularity was that Jess had slightly unusual interests in men. She lost her virginity when she was 20 to a guy who was 45. Ever since then (and perhaps before too), she's been really attracted to older men. And not just a little bit older... like a guy in his 50s or 60s would be her prime target today. ... READ THE REST HERE MEET MILFS Hi, My girlfriend Lilly and I have always had a bit of an open relationship. We first met in college and fell for each other quickly. On the summers and holidays in between semesters though, we both dreaded the idea of a long distance relationship and agreed to be non-exclusive while we were separated. We still talked to each other every day. It was just understood that if you were at a party or a bar or somewhere and the opportunity struck, it was ok to hook up with someone else. We didn't want to reveal every detail of our random hookups with each other but we developed a euphemism was to call the hookups a "headache". If she had a hookup the previous night, Lilly would say something like "I had a headache last night and couldn't sleep all night". Alternatively, if she thought she might get lucky later that day, she might get lucky later that day, she might get lucky later that day, she might get lucky later that day more partners.

than me. Our first summer apart, she hooked up with four other guys while I just hooked up with two other girls. The summer after that, she met six different guys while I just managed one other girl (shamefully I must admit and lied about having a second hookup just so Lilly didn't feel bad outpacing me by so much). ... READ THE REST HERE REAL CUCKS Hi, Hi. We are a couple from Norway. Me and my wife has been reading the stories here for several years. This is our first story shared and it's about how we started involving an extra man in our bedroom. Would love comments. My wife and I have reached the age of 50 and 55. I am the oldest. All the kids have moved out and the first couple of grandchildren have appeared. My wife has probably started to notice hormonal changes that are natural and do not sleep very well anymore. And I probably snore a little, which is enough for her to have restless nights. We have a large house and I quickly moved into a room downstairs. Felt probably a little thrown out of the bedroom at first. Eventually it became a habit and we have been in each of our rooms for almost a year. And then something else happened. Old fantasies flared up again, not only with me, but with her it should also show. I dreamed more at night, woke up horny and restless in my body and it was always the same thing that came back - that my wife had sex with another man while I watched. ... READ THE REST HERE REAL CUCKS Hi, I was at work at morning when the wife called and said that the contractor had showed up and that he was about halfway through with the job. I asked her if he was still flirting, and she said yes, A lot. I said I hope you have flirted back and she said yes that she had bent over a few times and make sure he saw her do it. I told her to keep it up call me if anything more happens, about 20 minutes later she called me and said you had better not be mad at me, I was in the kitchen and he came in and asked for some water. Instead of getting the glasses from the top shelf I bent over and grabbed some plastic cups from the the bottom shelf, that's when he made a comment about me having a nice ass and pretty pink panties. I stood up and smiled and said thank you, that's when he walked up to me and pulled me to him and started kissing me, he reached around and squeeze my butt as he was doing it. I kissed him for a minute and then she had broke II kissed him for a minute and eventually I broke it off. ... READ THE REST HERE MEET MILFS Hi, I'm a bit of a writer and my husband loves it whenh I tell the stories so hope you like my style and bear with me! I opened the bottle of wine while I watched my phone's screen intently. Somehow I managed not to spill too much outside of the glass as I poured. On the screen was my husband and soon someone would be joining him. We had began this current process in an attempt to find a suitable man for us to play with from time to time. Our first of such had moved on and replacing him had proven to be extremely difficult to say the least. I do not like to feel obligated to be with someone I've only just met. Several times the guy has seemed like the right one only to meet in person and there was just no spark, no compatibility. As I reflected on everything that had gone wrong in our guest I saw another figure enter the screen in my hand. First impressions were good. He was good looking, seemed fit and he had a confidence about him as well. I listened to them chat for a minute then my husband led him downstairs to our media/play room. I switched as they entered. They both sat down on the couch and because the camera was directly on top of the TV it appeared as if they were looking right at me. ... READ THE REST HERE MEET MILFS Hi, My wife had never let me watch her with her lover. They had started behind my back but I had discovered her affair and we had come to an understanding about it that left me on the outside. She never told him that I knew. She would tell me in advance if they were going to be at our house, or call me was supposed to stay away from the house until she called. I had never violated that rule except to drive by the house one time to see his car parked in the driveway and which resulted in a huge lump in my throat from the realization of what they were doing. This time, she was planning on going to our house with him after a late afternoon meeting they were at that was not far from our neighborhood. It was around 4:30 when she called me at work and said they were there and he was in the living room having a drink. She would call me when he had left and I could come home then. I was through with work so I had to either sit around, or go to a bar, and I ended up at a bar not verv far from our house. After a couple of beers, I started imagining what they were doing and had to know so I left and headed for home, not sure what I would do. I drove by and both of their cars were there so I kept going up the street until I could turn around. I parked up the street from the house and sat in the car for awhile. It was late Fall and almost dark, and I could see lights on in the house but the blinds were closed. Our house is on a wooded lot and has some large evergreen trees in the front, so I snuck between them and now I was only about 20 feet from the living room windows. I couldn't see in but could see shadows moving on the blinds so they hadn't gone into the bedroom ... READ THE REST HERE REAL CUCKS Hi, I love this space and I cum often lol. Anyway, I am not by any means a victim of a small penis. My dick is close to 7 1/2 inches, But I began having fantasies of my beautiful wife having sex with other men. It was odd cause at the same time I'm extremely jealous. We have been together since high so I waited. school and she is now 32 and I'm 34. Anyway I am in decent shape at 6'1 220 IBS I work out often as I am a independent professional wrestler. So I really am the opposite of what most people think of a cuckold husband but it turns me on to no end to think of her with another guy. Well I can't remember exactly when I became instilled by the idea of her with another guy but it lurked up on me a lot. We have had MANY an encounter with other women as she is bi and it has been fantastic. Also once we had a orgy of sorts with her best friend, but he never touched her and I never touched her best friend. Well let me quit boring with the back story. I had a buddy of mine over who my wife has a bit of a detest for, she thinks he is an arrogant and cocky asshole but he is a bit of a pretty boy and I could tell that she was attracted to him even though she though the was an ass. ... READ THE REST HERE MEET MILFS Hi, This last post on the blog reminded me very much of my own wife. Our story is a bit different though. Really, I didn't see it coming. There was no sign of it leading up to our wedding day. And ended up marrying a demanding controlling, sex addict, bitch of a woman. Early on it started. Whenever I didn't feel like sex she'd cut me off for a month. Finally she'd give in but she always managed to get my face between her legs lapping away like a dog for an hour. Sometimes she'd fuck me but just as often not. That's when she began saying and doing things, humiliating things like 'you're dick is so cute' when she knew I was super horny she teased and prodded me into licking her ass. After that she was always coming up with ways to get her ass in my face. Now and then I like it but it soon became part of our pattern. So much so that her idea of a quickie became bending over with her pants down and having me tongue fuck her asshole while she masterbated her way to an orgasm. This happened in the car on the side of the road a couple of times and another time in a gas station restroom. She became very demanding about it. ... We lived in a small school tell you all that my wife and I have been together since senior year of high school. black kid in the whole place. At the time, my wife and a few other girls were known for dating black guys from a nearby town. We simply paid no attention to these girls, they listened to rap, they talked ghetto and we were sure they weren't interested in us. So we left them be. That was until one magical night at a party, right before the school year began. I met up with her, talked to her and quickly found out that her black boyfriend was going to jail. Yep, tried as an adult and going to jail. Yep, tried as an adult and going to big boy prison. Ouch. We had fun, partied and hooked up. So now I guess she was all mine. We've been together ever since. 12 years now. So foremost, the saying once you go black, you don't go back is a farce. In the beginning the thought of her being with a black guy made me mad. Hey, it was when I was younger. As I got older and saw a lot of internet porn, I eventually saw an IR movie. I imagined her doing that, and it started to excite me. Later I found a woman in a video that resembles my wife. That def. excited me. Imagining my wife was that woman in her videos. The idea was now seeded in me. ... READ THE REST HERE MEET MILFS Hi, 1st Email - My name is Lara. My husband's name is Danny, and in a few days I am going to cuckold him for the first time. I see that mostly men write here which is hot but I decided I wanted to take a stab at this. Besides, women make better writers (sometimes) Some facts about us: We are in our mid-thirties, married for ten years, with two kids. For most of these years our sex life has been pretty conventional. Neither of us has had sex with anyone else since we've been together. I should also mention a few facts about Danny. His penis is not small; it is quite adequate and has given me great pleasure. He is not a wimp. He is not a submissive person, except sexually, and then only sometimes. He does have something of a foot fetish and loves to worship my feet, which seemed odd at first but has come to really turn me on as well. Over the last couple of years we have shared more of our fantasies and resolved to act on some of them. Danny has been telling me how he wants to watch me fuck another man. It has taken me a while to warm to the idea, but it has been a dozen years since I touched another man's cock, and the idea does excite me. ... READ THE REST HERE MEET MILFS Hi, I'm writing to tell you all that my wife just went to a retreat center with a group of people. I talked to her last night and asked if anything interesting was going on. It was an interesting ride in, she volunteered. It was a couple hours drive and folks carpooled. It was a couple hours drive and folks carpooled. It was a couple hours drive and folks carpooled. It was a couple hours drive and folks carpooled. It was a couple hours drive and folks carpooled. Occasionally their hands touched and he commented that her hands were cold. This resulted in them holding nearside hands on their thighs. As they rode and chatted they pretended not to notice as their hands relaxed and dawdled on each other's thigh tops. then slowly down onto the inside of each others thighs. Soon they were lightly brushing each other's crotches with each bump in the road. My wife then told him that her waistband was cutting into her tummy and she needed to move a bit to get more comfortable. Her move was to cross her leg over his, lean back into the corner between her door and seat back, spread her legs and unclip and unclip and unclip and unclip and sucking other men. Over the years there have been married about 16 years at this point. We had often discussed my desire to watch her fucking and sucking other men. Over the years there have been some opportunities but nothing ever materialized. At least not up until the story that I'm about to relay. My wife was 32 at the time. She was attractive now. If you look at the pictures you'll get a sense of what she looks like. She's very talented in the bedroom. An excellent cocksucker and the biggest turn on is watching her getting herself so hot as she sucks a hard cock. It always makes her cunt so wet. Anyways, on with the story. One evening we ended up at a nightclub. We often went there so my wife could dance the night away and for me, to watch her with other men. In the previous times that we went there she was often hit on by both black and white men. Like I said before she never acted. Although there was one time that she got picked up by two sailors and as soon as they found that she was married, they chickened out. ... READ THE REAL CUCKS Hi, My wife has a tendency to enjoy humiliating me, loves big cock, loves to dress tarty in public and generally won't miss an oportunity to meet a guy. My wife is very highly sexed 38 yr old but kept herself in excellent shape as she swims daily and is always well presented and feminine. We have been together years and she had only been with a few men before me but was so young that there was nothing really kinky involved. After we had been married for years we began experimenting verbally just fantasising and I was amazed at how receptive she was to any ideas I had. We have now been swinging/ naturists/ party animals for about 5 yrs during which time her appetites for sex has not diminished and in fact she seems to be worse than me now. In my old age (48) I have become somewhat boring in her eyes/.. If the truth be known I haven't the same sexual appetite or stamina but she is in her prime and looking to fulfill all her fantasies. Hopefully I can share what we have done to date as it very much turns us on to think of guys looking at her. She also took very well to being able to humiliate me in public after I told her I was strangely turned on by it. Initially it happened accidentaly but when I told her it had turned me on she played on it and definetly enjoys that side of things. She has a very high powered job and quite meek. ... READ THE REST HERE REAL CUCKS Hi, One evening after spending most of it drinking, I noticed the bartender trying very hard to see my wife's breasts. So I mentioned it to her, and she answered she had noticed him too. What do you think?, I asked her. He does seem nice, why?, she replied. Oh I thought that maybe you'd like to help his view and open a few buttons, I answered. My wife was silent for several minutes and looked at me. Do you want me to let him see my tits?, she asked. I thought a couple of buttons, loney, she asked. I thought a couple of buttons, loney, she asked. What or how much do you want him to see of me? How about two buttons, loney, she asked. What or how much do you want him to see of me? How about two buttons will be fine, I replied. My wife then went to the ladies room, and returned several minutes later with her blouse fell open, and leaned slightly so her blouse fell open, and asked, is this what you want him to see? READ THE REST HERE MEET MILFS Hi, I wanted to share my story with you all on the blog after reading some amazing ones here. I am 35 years old, professional male and my wife is also 35. When we started dating 10 years ago, I thought she was a very nice girl that maybe had a handful of boyfriends up until me. I also thought that she was pretty inexperienced sexually as I was (I lost my virginity at 22) and had only been with about 6 girls before I met my wife. Things got started pretty quickly. Always hanging around together, going out for drinks after work, etc.. Soon we went out on our first date and although we didn't have sex, we did kiss passionately for a long time. On our second date, we were laying on her bed and while making out, I started to play with her tits and started putting my hand down her panties. Now, I have to admit, that I thought she was less experienced than I was, so I was attempting to come off as the "Experienced Guy". ... READ THE REST HERE SHARI AND MARK'S PROFILE Hi, My wife and I were on a late night flight home out of Arizona. We ended up sitting in a three seat row, one seat empty. My wife was on the aisle. Across from her sat a guy who was traveling outbound on business. She chatted with him as we flew, I moved to the middle seat, next to her to try to be in on the conversation. At one point she asked me to put a blanket over her lap as she was cold. When I did this she arranged it to cover my lap as well and before I knew it we were feeling each other up under it. All the while she chatted with the guy, whose eyes kept watching our laps. In a lull in the conversation my wife said to me, "After the drink service goes by I'm going to the restroom, That one." "is that an invitation?" I asked. "Yes." Drinks went by she got up and followed. I pulled the door open and quickly slipped inside with her. She sat on the toilet and undid my pants. While she was pulling my cock out she said. I got up and followed that guy on "I agreed. ... READ THE REST HERE REAL CUCKS Hi, The wife and I finally satisfied one of my friends. He had recently gone through a divorce, and based on the stories I had told my wife of his past as a cocksman, she had always been a little intrigued. On the night they consummated the relationship, I was there at the bar with a bunch of friends and as the crowd narrowed down to just us three, I let him know it was ok after they had flirted hard all day. He took her up and that was the beginning. I hung out with him often- sometimes alone and sometimes with others. Playing golf, going to the pool or just out for drinks. When the wife and other wives were around, they flirted in a friendly way. But watching them and knowing they would fuel my arousal. She would fuel my arousal. She would stay with him at least one night on the weekend and would go on dates to things he would fuel my arousal. or a basketball game and we all kind of knew that it would get me off. I jerked off all the time. She would come home in the mornings with his cum in her pussy, let me lick her clean and tell me how many times he got her off the night before. The closest I had ever gotten to their actually having sex was one day at his house. ... READ THE REST HERE REAL CUCKS Hi, When I met my wife, Alina, a few years ago, I encouraged her to set up an Instagram account to show off her sexiness and beauty. She agreed and started posting sexy photos of herself while always keeping with the community standards of Instagram (e.g. no nudity, no nipples, etc.) After a while she started attracting thousands of followers and many wanted to chat with her. One in particular, Matt, just happened to catch her when she was getting ready to take a shower. At the time, Alina and I were engaged and living in different cities, but I had told Alina about my cuckold fantasies, and she was curious about it but didn't think she could actually go through with it. Matt started flirting with her on IG, and Alina messaged me about it, so I could see for myself. I got so turned on watching my fiancee (at the time) flirt shamelessly with Matt on IG! I've attached screenshots, so you can see the conversation for yourself. The next day, I talked to Alina to see how she felt about her first sexting session on IG with one of her fans. She said that she could that she could that she was really turned on, and that she didn't think that she could ever go through with it in real life. ... READ THE REST HERE MEET MILFS Hi, This happened to us a few months ago and has been going pretty good ever since. My wife and I had talked about her being with other guys for quite a while. I was in the military and gone ALOT so I figured why should she be without just cause I had to be. When I brought it up to her she told me she couldn't do something like that knowing I couldn't go looking for it. Well getting to how she started.... We were at a friends house and all getting pretty buzzed. The topic of head came up and I said I bet my wife could make any man cum in less than 2 mins with her mouth. My wife there listening the whole time. My friend didn't believe me and to be honest I didn' an utter BUST. Next weekend however we were doing our ritual thing getting buzzed at my buddies but I noticed she wasn't drinking, I asked her whats up - completly forgeting about the last time - and she reminded me by saying if I make a wager like that again she wants to be sure there are no excuses. ... READ THE REST HERE MEET MILFS Hi, My wife and I have been married for jut over two years now. I'm 27 years old and she is just 23. She is originally from Norway, but moved to the United States at a young age. She still has the most adorable accent. I feel extremely lucky every morning I wake up to her. As far as I'm concerned, we have always had a good sex life. We have grown very comfortable with each others bodies, especially given how little sexual experience she had prior to our relationship. For the first year and a half of our marriage the sex was excellent and frequent. Being timid in bed, she made sounds infrequently. I'm not sure if she's ever had an orgasm with me, but I know she has enjoyed our sex life very much I'm of more or less an average size for a white man (about 5 and a half inches) and I know how to use it, though, I'll admit that in the past I have been prone to 'let off' a little early. It's hard to contain my excitement when making love to woman as beautiful as my wife. Even though we have been together for years, I am still amazed by her beauty on a daily basis. The only thing that has really bothered me through out the course of our sex life is her reluctance to pleasure me orally. In fact, it's not even a 'reluctance', she has never given me head, period. Her work as a dance teacher is hectic. For the sake of structure (as well as a consistent income) she has never given me head, period. Her work as a dance teacher is hectic. includes lessons at the local middle school as well as choreographing several local plays. She also teaches an evening class at a gym a bit further out of town. Every Tuesday and Thursday from 6:00pm to 8:00pm. Most frequently I would pick her up from the gym, but, on occasion, a friend from her dance group would give her a ride back. Her friend, Natalie, is also quite a stunner. While a couple of years older than my wife she is in incredible shape, probably due to her own interest in dancing. ... READ THE REST HERE SHARI AND MARK'S PROFILE Hi, Hi. My name is Lauren. Visit this site every so often and wanted to add my story. Not sure if I'm a hotwife or just a cheater in this scenario. I'm most often described as mousy. I'm barely 5ft tall and weigh about 100lbs. In normal circumstances I have a shy personality. I just get a bit overwhelmed in large groups. Throughout college, I was always more of a book nerd, spending weekend nights in the library rather than going out to parties. I am extremely kinky though. Almost no one knows this about me but it's true. I masturbate while watching porn and reading erotic stories almost everyday. It was one of the secret benefits of spending so much of my time in an empty library with lots of discrete corners. I came into college as a virgin but I had a few sexual experiences under my belt by the time I graduated. The first two were just one night stand type affairs but the third was extended with my first boyfriend for half a year. Nothing too crazy happened and to be honest, the experiences left me mostly unsatisfied. I would cum eventually but it was never quite like I imagined in my head while masturbating. I'm definitely more submissive and want the guy to take control and drive the action. What good is being 100lbs if a guy doesn't pick you up and fuck you hard against the wall once and awhile? ... READ THE REST HERE MEET MILFS Hi, Hello to the blog webmaster and all the cuckold readers. This true story happened a few years ago and a few years ago can get the attention it deserves. Here's my story and hope you all enjoy it as much as I did. Me and my girlfriend Catalina, at the time she was 19 and I was 20, had been arguing about a lot of things lately. Mostly about my infidelity with a friend of hers. I promised my girlfriend I would never cheat again, and that I never did again, but at the time I didn't know it. It was just something to say to make her happy again. Catalina said she wanted to have a break, that she didn't trust me. I was very mad and started to ask her if she had been seeing someone else, if she would start to date other guys during our break, and so on. She just smiled at me and said, " I might, but don't worry, I would still like us to be friends. That is if you can be friends with me and not get carried away and try to touch me?" It was true, I tried touching her, kissing her, anything, but she wouldn't have none of it. Her mind was set up, she wanted to have a break. I was terrified that she would leave me. She laughed and smiled at me when I went out the door, furious. All I could see was her soft face, with her brown hair, and her gorgeous lips. Then I imagined her with another guy, and I didn't get as mad or jealous as I would have thought. ... READ THE REST HERE REAL CUCKS Hi, My girlfriend's name is Nikki. We met in college and were close friends for several years before we actually started dating. I had a huge crush on her the entire time and my friends often joked that she had me whipped and friend-zoned. When we finally got together during our senior year after a long drunken night, I was completely elated. Nikki is beautiful and sexy and the life of the party everywhere she goes. I counted my blessings that she finally gave in to my advances and agreed to date me. During the years before we started dating, I definitely got a taste for the cuckold lifestyle. I guess I wasn't an official cuckold yet since we weren't actually dating at the time. but I felt a tinge of jealousy, inadequacy, arousal, and humiliation each time I saw her flirt, dance, hug, or kiss another guy. I heard stories of her dates and hookups as well which drove my imagination wild thinking of everything she could be doing (or more accurately, everything those other guys could be doing to her). My interest in Nikki was never very subtle and Nikki would tease me occasionally about my interest in her escapades with other men even before we got together. Once we did start dating though, the guard rails were off and Nikki loved it. I was a trusted confidant and an avid sycophant for all her previously untold tales of lurid behavior. ... READ THE REST HERE MEET MILFS Hi, My first hot girlfriend made me a perverted cuck for life. This was my initiation into the power of female sexuality and the control that a dominant woman can have. Her name was "M". She was a beautiful, sexy 18 year old Italian girl with auburn hair and luscious, full breasts. She had a milky white complexion and her whole body would change to red with sexual tension flush whenever she had an orgasm. I loved to get her off. I ate her pussy every chance I could. She would drive me home and I would kneel on the floor of the car and drop her pants and just lick, slurp, kiss and worship her pussy like there was no tomorrow. I ate her like she was a horny girl and she came every single time. I could fully feel the pulsing vibrations of her labia, her clitoris and her whole pussy because I always pushed my face and head all the way up in between her legs, as far as I could get. I was also a tuba player so I could hold my breath and lick with pressure for a long time. She loved it. Licking her so much was hot and it was awesome. We fucked missionary sometime, she also tried to give me head, but she wasn't very good at it. So we just sort of slacked off with blow jobs and went to about 80% oral sex for her and 20% missionary sex. This was no problem in my book, but I got the feeling that she was probably jealous of how much I got off on making her come, and so she wanted to try more "giving" herself. She couldn't seem to get me off and it started causing her to develop "issues". I think she started slyly looking around for other opportunities to practice. She made several goofy jokes and comments with her favorite new word: "Hoovering." One time she was overjoyed when she got her birth control pills refilled. ... READ THE REST HERE REAL CUCKS Hi, A couple of years ago my wife and I talked about our past sex lives and we both found out a lot of things we didn't know about each other. We have dated on and off since high school and I thought I knew everything there was to know. What she confessed was that she had sex with three other guys I didn't know about (5 men total) and one guy while we were still dating. At first I was shocked and mad, but surprisingly it turned me on to think about her fucking someone else. After thinking about it for a couple of days, decided that I would not be angry because we have been faithful to each other for 10 years of marriage, this all happened a long time ago and I was no saint then either. So no big deal. After this confessional conversation, our sex life really changed. We were going at it a lot. I finally told her I was turned on thinking about other guys fucking her and started to tell her how I wanted to watch her fuck someone else. She couldn't believe I would say that at first. "Why would you want to share me?" She would almost cum immediately when I started talking about her doing another guy. So that's where we left it, a fantasy in the bedroom. As time went on I started to notice changes in her. She became more and more sexually adventurous and comfortable with her body. She would ask me to go down on her all the time. Before, she wouldn't let me eat her pussy because she was so self-conscious about her body (or maybe I was bad at it). ... READ THE REST HERE SHARI AND MARK'S PROFILE Hi, EMAIL 1 - About 7 months ago my wife had gotten really tipsy and hooked up with one of her young college professors. She had mentioned before that she had a crush on him and I had foolishly thought it would pass. I was furious to say the least, threatening to end our marriage and his career by telling the school board. Moreover, I was hurt that my wife would betray me in such a way. I stayed with her, though and she lost her feelings for him very quickly (mainly because she realized what an asshole he was for taking advantage of her). After a month or two when we had worked out our problems we talked about that night in a little more detail. I found myself getting strangely aroused as she told me how they had spent hours fooling around with oral, anal and all sorts of crazy positions. I almost creamed my pants when she said that while she regretted hurting me, she really enjoyed having the sexual experience (I was her first). We had some of the best sex ever, but neither of us put two and two together. Jump to earlier this week. Our sex life had gotten bland. I wasn't really getting excited by the same old fetishes and neither was she. I had realized since that encounter months ago that I had a cuckold fantasy, but I never thought anything about it for real. We weren't going anywhere, though, so I figured why not give it a try. After testing the waters by bringing up a fetish first (denial, chastity, etc.) I suddenly through out there that I thought it would be hot if she just went off and fucked someone else. ... READ THE REST HERE REAL CUCKS Hi, So my wife and I have been married 9 years, 1 child. Wife comes from strict religious upbringing, I come from very liberal upbringing. This is my second marriage (no kids from first - my choice), I am her first marriage and first partner (she was a virgin when we were married so yes, I got her cherry). We're both open in our relationship and maintain a lot of communication. We have a very active sex life which has only been hampered by having a little toddler around (I have no fucking idea how people have more than one since you really lose a lot of privacy!) But anyway For the last 3 years I've been fantasizing about her getting fucked by other men. Not just one man at once. I've always wanted to take her to the local strip bar with the knowledge that she would get some 'dates' and get pumped full of seed. I don't want to lick it out of her, but after a whole bunch of men have cum inside her I want to fuck her after all that. I also love the idea of getting her into a swinging party and have her suddenly realize how much she loves strange men pumping her holes full of seed and just sit and watch and finally be told by her to leave the room while she has a cock up her ass, cunt, and mouth. ... READ THE REST HERE REAL CUCKS Hi, Names have been changed to protect the not so innocent ;) I've not had many cuckolding experiences as a Bull - in my time - but the few I've had have been pretty stupendous. I'd been interested in swinging for quite a while - ever since myself and an ex girlfriend got it on with a few couples and singles at random times thoughout a 4 year relationship - my biggest turn on (and hers too) was always when me and another guy fucked the living shit out of her - the MFF threesome while still great never lived up to the ultimate male fantasy that it is supposed to be for either of us - all of the experiences however were very much of a share-and-share-alike kind of nature - nothing close to cuckolding at all. Anyway, when the relationship broke up I was still interested in swinging so started using the internet to try and hook up with couples - which I thought would take ages - so imagine my surprise when one day I got a very positive response to an email I had sent a couple. The couple were in their mid-late 20's (about my age) - and the wife (Kate) was an absolute peach - see pics - just my type (well one of them anyway ;)). Her husband (jason) had penned the email, and he explained that they wanted to act out a fantasy that they had been thinking about for some time. ... READ THE REST HERE REAL CUCKS Hi, Hi Readers of the Blog. This is about my ex wife Barbara: Although she had sex with a number of men after she finally made me a cuckold - we'd been married 18 years before it happened and was something I'd long wanted and fantasised over, as I'd guessed correctly had she - the best of her lovers was Dave, a man I'd written to by email after she'd picked him out, along with three others, from a personals site. In the first and most important place, Dave was exactly her physical type and she admitted to me that she fell in love with him sexually. He was also a very good lover. For example, she would bring him to orgasm orally, yet immediately, even though he'd just come, he would return the favour before then fucking her. From my point of view as the willing cuckolded husband, though, he was far and away superior to all the other men she had during those last four and very erotic years of our marriage. He was the only one - this occurred on the morning after their first night and time together - who on the phone asked me what fantasies I'd had over the years about her having sex with other men and how he'd make them come true. ... READ THE REST HERE REAL CUCKS Hi, I am 31 now but just a few years ago I started dating a girl a couple years younger than I She was 22 and surprisingly (she's really good looking) was a virgin when we met and it wasn't long before we started having sex. She had an extremely high sex drive and enjoyed trying something new all the time. It was a dream come true for a guy like me. Now, here's where the story begins. My best friend never seemed to have very good luck with girls. My girlfriend set him up several times with friends of hers but he could never seem to get lucky. One night at my place we had a few beers and after a while I took my gf into my room to bang her. After we finished we talked and I dared her to walk out into the living room completely naked in front of my friend and get my beer off the table The dare excited her and she readily jumped up opened the door to the room and walked out. I peeked around the corner and my friend's reaction was priceless. He didn't know what to do. My gf walked up to him and she bent over right in front of him and she bent over right in front over ass. My gf and I found that very exciting. Not long after that my friend was driving us someplace and I decided to tit fuck my gf in the backseat of his car. He got a very good look at her tits the whole time he was driving. There where a few other instances like this. The next time he came over, the three of us watched ... READ THE REAL my friend was driving. CUCKS Hi, I'm in my late 30's and when I was 18 years old I encountered my first love. I had already had sex with two girls, but neither of them were girls I was hot for, you know, the kind you really really want to fuck. Well, my first two lays were more to get the whole thing done and get experience but this girl was different, she was the hottest girl I had ever seen. Not only myself, but my closest friends as well, thought her to be the cutest girl around. We all lived by the school and each day we would see this group of party girls walking by and talking, who knows and who can really remember, but we hooked up and we were both really happy to be together. We fucked only a few times and it was very young love, but the disappointing thing was, love hadn't had it's chance to blossom yet, and after only a few times appending time together, she had to go to another school, and I lived too far from her to visit her home, not yet having a car even. So, We never really saw each other for a while. Then one day, a few years later, we saw each other again, but both of us were in relationships and we could not pursue anything together, although I admit I would have tried if given the chance. I have never been one to regard the boyfriend as much interference if the girlfriend is willing. But in this case, I had too much respect and care to even try and so I went my way and she went hers. I must also admit that part of me is a bull. ... READ THE REST HERE REAL CUCKS Hi, I'm going to be honest here—I can't describe that evening in detail because it was all such a blur to me. I was running the gamut of feelings that night: nervous, excited, jealous, proud, and almost every other emotion. He was a 22-year-old college student, she was 37 at the time. Suffice it to say he fucked her like she hadn't been fucked in years. It seemed like she was having one continuous orgasm—she must have cum seven or eight times in a couple of hours. Afterward I felt relief—relief that she enjoyed it and wanted to keep doing it on a regular basis. Over the years since then she's developed quite a taste for young guys, and it's amazing how much they're attracted to her. She says she likes their staying power and their quick recovery time. And they like, well, I guess there are a lot of young guys out there with older woman fantasies, especially when it's an older woman who still looks as good as Connie does. She's 42 now, looks more like 32, and fucks like 22! The foreplay is always as big a turn-on to me as the actual fucking. In the early days Connie used to be fully dressed when she met the guy, and wear her sexy lingerie under her clothes. It was fun watching them undress her, but now it's even better, because when we meet them at our home she usually greets them wearing just a little silk robe over her undies. ... READ THE REST HERE MEET MILFS Hi, My girlfriend and I are in our late twenties. Her name is Emma. She is a professional massage therapist. She works at an upscale place and makes good money giving several massages each day to a wide swath of regular clients. When we first started dating, I was worried about her working as a masseuse knowing all the seedy things that can happen at massage parlors. Emma put my fears to bed though. She explained that she had given some handjobs early in her career before she met me to make some extra money. However, since she got her official license and started working at the upscale location, she's only given normal body massages without any happy endings. She said some guys ask for more occasionally but she just says no and that's the end of it. And if they are ever pushy, they get banned from the place. Emma is quite attractive so I have no doubt most of her clients dream of getting more from her. To be honest, I dreamed about it a lot too. I had always been curious about the cuckold fetish and my relationship with Emma set the fantasy into overdrive for some reason. Emma is a very sex positive person but I was still a bit nervous to tell her about the fetish. When I eventually did though, she took it in stride and wasn't freaked out at all. I explained that the thought of her caressing the naked bodies of other men drove me crazy but in a good way. Emma laughed and joked about how that was in fact what she does every day while giving massages. ... READ THE REST HERE MEET MILFS Hi, As I have said previously, I am a wife (cougar). Travel agent. My husband set me up to meeting three guys one night in a kinda of seedy side of town. He dropped me off and they said they would call to pick me up when they were done with me. They wanted me dressed like a hooker. So I wore red stockings and garter short skirt and low cut top. I parked my car and stood on the corner. My husband put a tracking device in my purse just in case. I stood on the corner for about ten minutes when a van pulled up and a guy leaned out and said, "Slut get in the van," the door opened and in I got. But there was not three guys but five. They gagged me and tied my hands, then drove for about twenty minutes. I did not see where we were going I was in the back. I did not expect this and could not tell husband. He only knew where I was headed. Anyway we ended up at some warehouse. They dragged me in already had ripped off my top and skirt all I had left was garter and stockings. They made me drink water so I wouldn't be dehydrated. Anyway they started using me making be blow them and stuff, but at first did not fuck me. ... READ THE REST HERE REAL CUCKS Hi, This is a true story of when me and my GF had gone on a European Contiki for under a month back in 2018 and we struck up a really good friendship with a guy from Brisbane and I started to notice he was guite flirty towards my GF. I originally dismissed it, thinking it was just his personality... but during one very drunken night in Greece I noticed he was getting handsy and I don't know if it was because I'd been drinking since 11am, or what but I wasn't overly phased.. if anything it intrigued at his gutsiness. I know he knew I was aware.. as it was very directed at me, and she too kind of went with the vibe. I ended up going back to the villa/room to make a phone call back home (I did this every couple days.) I was only gone for a good 20-25 minutes and when I came back to the bar, I couldn't find my GF anywhere so I went for a walk around the seats on the beach and that's when she called out to me, she was roughed up. And she just said it was due to the heat/weather and that the sand/stones made her fall, she went to the bathroom and she came out looking a bit more collected, we continued to drink and dance and she was obviously turned on and our friend "Tim" was just watching us with a subtle smirk. ... She thought it was silly and teased me about it but it never went further than that at the time. Kate, on the other hand, was a big fan of dress up and roleplay. Her favorite holiday was halloween and she had tons of costumes accrued from over the years. She liked to sneak into the closet sometimes, dress up like a slutty elf or pirate, jump on the bed, and then beckon me to join her. It was super hot and we had great sex any time she did it. I got a job as a bartender at an upscale bar attached to a larger hotel. Kate wanted to visit and see it but I told her she couldn't just show up in her normal oversized hoodie. She'd need to dress up. Kate took the challenge and eventually found a short black dress from her college days. She tried it on and she looked incredible. She smirked and asked if the dress would be hitting on her. Kate laughed and said that I would like that if so. I agreed and suggested she wear some jewelry to complete the look. I took out a gold bracelet she had and said that she should wear it on her ankle. Kate agreed to wear the dress and anklet but was skeptical that she'd receive any noteworthy attention during the evening. ... READ THE REST HERE MEET MILFS
